ABOUT OUR COMPANY

A BRIEF STORY ABOUT THE COMPANY

Esha Services is a leading multi-service provider, established to deliver integrated solutions that simplify operations for clients across the region.

We combine deep market understanding with strong execution capabilities to support projects of all sizes—from short-term requirements to long-term contracts.

Our portfolio spans manpower supply and HR support, equipment and vehicle rental, construction services, and facility maintenance—providing one dependable partner for multiple needs.

We are known for our reliability, consistent service quality, and responsive coordination that keeps work moving safely and efficiently.

BRINGING IDEAS AND INNOVATION
TO LIFE THROUGH TECHNOLOGY

VISION

To be the region's most trusted and comprehensive service establishment, recognized for excellence, innovation, and unwavering commitment to client success.

MISSION

To deliver integrated, high-quality services across human resources, equipment rental, construction, and maintenance sectors, ensuring operational excellence and exceeding client expectations through professional expertise and reliable solutions.

VALUES

Integrity, Safety, Quality, Responsiveness, and Client Commitment in every engagement.

Core Services Overview

Esha Services Establishment delivers a comprehensive portfolio of operational and project support services tailored to diverse business requirements. From workforce solutions to equipment rental and facility maintenance, we provide dependable resources that help clients maintain productivity, safety, and continuity.

Our integrated approach simplifies vendor management by offering multiple services under one trusted partner—supported by responsive coordination and consistent quality standards.

Whether your needs are short-term or contract-based, we align scope, timelines, and compliance requirements to support efficient execution across industries.

Core Services Overview

ESHA provides a focused portfolio designed to meet day-to-day operational requirements as well as project-based needs. Our service lines are structured to ensure clear scope definition, quick mobilization, and consistent delivery quality.

Human Resource Solutions

Recruitment, staffing, mobilization, documentation support, and workforce management.

Projects, shutdowns, seasonal peaks, and long-term staffing needs.

Equipment Rental Services

Construction and site equipment rentals with flexible terms and dependable support.

Site setup, lifting/handling, access solutions, and short/long-duration work.

Construction & Maintenance

New builds, renovations, MEP works, and preventive/corrective facility maintenance.

Commercial facilities, residential properties, industrial sites, and ongoing FM contracts.

⚠ Key advantage — Fast, compliant mobilization with structured onboarding to reduce downtime and keep operations running smoothly.

Service Category	Description	Key Benefits
Human Resource Provider	Comprehensive workforce solutions including skilled and unskilled labor supply, recruitment services, payroll management, and HR consulting. We provide qualified personnel across all industries.	Reduced hiring costs, qualified staff, compliance management
Rental Equipment	Wide range of construction and industrial equipment available for short-term and long-term rental. Flexible rental terms with maintenance support included.	Cost-effective, no capital investment, maintained equipment
Building Maintenance	Complete facility maintenance services including MEP systems, HVAC, plumbing, electrical works, and preventive maintenance programs for commercial and residential properties.	Extended asset life, reduced downtime, professional service
Construction Projects	End-to-end construction services from planning to execution. Specializing in commercial buildings, infrastructure, and renovation projects with quality assurance.	Turnkey solutions, quality construction, timely delivery
Generator Supply & Rental	Reliable power generation solutions with generators ranging from 10 KVA to 1000 KVA. Sales, rental, installation, and 24/7 maintenance support available.	Uninterrupted power, fuel-efficient, emergency backup
Tower Lights	Mobile lighting towers for construction sites, events, and emergency situations. High-intensity illumination with fuel-efficient operation and easy mobility.	Enhanced safety, extended work hours, portable solutions
Portacabins	Modular portable cabins for site offices, accommodation, storage, and temporary facilities. Customizable layouts with quick installation and relocation options.	Flexible spaces, quick setup, cost-effective

Human Resource Solutions

Esha Services Establishment is a trusted **manpower provider** delivering end-to-end HR solutions that help clients maintain productivity, safety, and continuity. We source talent through verified channels, then perform structured **screening**, interviews, trade testing (where applicable), and document verification to ensure job-ready placements.

Our capability spans **all skill levels**—from general helpers and cleaners to technicians, supervisors, and specialized trades—matched to site requirements and client standards.

We support full **labor law compliance**, including contract administration, statutory requirements, and workforce documentation aligned to local regulations.

Esha also manages **visa processing** and related documentation to streamline mobilization while reducing administrative burden for clients.

With proven experience across **construction, hospitality, industrial, and commercial** sectors, we deliver the right workforce for every environment.

Our operational readiness enables **quick deployment** and responsive replacements—backed by reliable coordination and consistent service quality.

- **We maintain a database of over 5,000 pre-screened professionals ready for immediate deployment across the region.**

1. **Skilled Labour Supply** -

Engineers, technicians, supervisors, and specialized tradespeople

2. **Unskilled Workforce** - General laborers, helpers, cleaners, and support staff

3. **Recruitment Services** - End-to-end hiring solutions tailored to your requirements

4. **Payroll Management** - Complete payroll processing and administration

1. **Visa & Documentation** - Work permit processing and legal compliance

2. **Training Programs** - Skills development and safety training

3. **Workforce Planning** - Strategic HR consulting and manpower optimization

4. **Contract Staffing** - Flexible short-term and long-term contracts

Equipment Rental Services

- Esha Services Establishment offers an extensive **equipment rental fleet** to support projects of every scale—helping clients stay productive without heavy capital investment.
- We provide a **cost-effective alternative** to purchasing equipment, with flexible **daily, weekly, and long-term** rental terms aligned to your schedule and budget.
- All assets are routinely **maintained, inspected, and certified** to meet safety and operational standards—reducing downtime and improving on-site reliability.
- For smooth execution, we can supply qualified **operators** and provide responsive **technical support** to keep equipment running efficiently throughout the rental period.
- Our rental solutions serve **construction, infrastructure, events, and industrial** projects, with equipment matched to site conditions and scope requirements.
- We include **delivery, installation** (where applicable), and **pickup** services—ensuring fast mobilization and safe demobilization with minimal client coordination effort.
- With clear documentation and dependable service coordination, Esha helps teams maintain momentum, site safety, and consistent performance from start to finish.

Construction & Maintenance

ESHA delivers **construction** and **building maintenance** services with a strong focus on planning, workmanship, and safe execution. Our capabilities cover comprehensive scopes—from **new construction** and expansions to renovation and long-term facility upkeep. Projects are supported by qualified **engineers**, experienced **project managers**, and skilled **technicians** to ensure coordination across trades and timely progress. We have experience across **commercial**, **residential**, and **industrial** environments, adapting solutions to site conditions and client standards. ESHA prioritizes **quality materials**, strict adherence to **safety standards**, and consistent inspection to meet specifications. Our maintenance model includes both **preventive** programs to reduce downtime and **corrective** interventions when issues arise. For critical situations, ESHA provides **24/7 emergency maintenance support** to restore essential services quickly.

Construction Services:

- **Commercial Construction** - Office buildings, retail spaces, warehouses, and showrooms
- **Infrastructure Projects** - Roads, utilities, site development, and civil works
- **Renovation & Fit-outs** - Interior modifications, upgrades, and space optimization
- **Structural Works** - Foundations, steel structures, concrete works, and reinforcement
- **Project Management** - Complete turnkey solutions with quality and timeline assurance
- **Building Maintenance Services:**
 - **MEP Maintenance** - Mechanical, electrical, and plumbing systems servicing
 - **HVAC Services** - Air conditioning installation, repair, and preventive maintenance
 - **Electrical Works** - Wiring, lighting, power distribution, and emergency systems
 - **Plumbing Solutions** - Water supply, drainage, sanitary systems, and leak repairs
 - **Painting & Finishing** - Interior and exterior painting, waterproofing, and coating
 - **Facility Management** - Comprehensive building operations and maintenance contracts
 - **Emergency Repairs** - 24/7 rapid response for critical maintenance issues

Specialized Equipment Solutions

ESHA provides specialized equipment that delivers critical support for **construction sites, events, and temporary facilities** where reliability is non-negotiable.

Our solutions are built for rapid deployment, dependable performance, and safe operation in demanding environments.

We supply **well-maintained** equipment backed by proactive servicing to minimize downtime and keep operations running smoothly.

With practical rental terms and responsive assistance, clients benefit from both **technical support** and operational peace of mind.

Generator Supply & Services

ESHA delivers comprehensive **power generation** solutions designed for continuity across temporary and permanent applications.

We offer a wide range of units from **portable generators** to **industrial-grade systems** (10 KVA to 1000 KVA) to match site loads and operational needs.

Services include **sales, rental, installation, fuel management, and 24/7 maintenance** to ensure steady performance throughout the rental or ownership lifecycle.

Our generators are trusted for **construction projects, outdoor events, emergency backup, and remote locations** where dependable electricity is essential.

We also provide **fuel-efficient** models and **soundproof** options (as available) to support cost control and noise-sensitive environments.

✓ Reliability promise — Our generators ensure uninterrupted power supply with 99.9% uptime guarantee and same-day emergency deployment available.

Tower Lights

ESHA supplies mobile **tower light** solutions to improve visibility and safety for night works and low-light conditions.

Options include **high-intensity LED** and **metal halide** systems to suit different coverage and brightness requirements.

Designed for **fuel-efficient operation** and easy transport, units are trailer-mounted for fast positioning and convenient relocation on-site.

Tower lights provide dependable coverage for **construction sites, outdoor events, and emergency response**, with extended runtime for continuous operations.

Portacabins & Modular Solutions

ESHA provides durable **portacabins** and modular units for **site offices**, **accommodation**, **storage**, **security posts**, and other temporary facility requirements.

Units are available with **customizable layouts**, insulated structures, and optional **electrical** and **AC** fit-outs to suit project needs and site conditions.

Our modular approach supports rapid delivery and **quick installation** (typically 24–48 hours, subject to site readiness and availability).

Solutions are built for **easy relocation**, enabling projects to move units as work zones change—without major disruption.

We offer both **rental** and **purchase** options, with strong emphasis on **weather resistance** and long-term usability in harsh environments.

Portacabin Type	Specifications & Uses
Site Office Cabins	20ft to 40ft, furnished with desks, AC, electrical points – ideal for project management
Accommodation Units	Single and shared rooms with beds, storage, bathroom facilities for workers
Storage Containers	Secure weatherproof storage for tools, materials, and equipment
Guard Houses	Compact security posts with visibility windows and communication setup
Ablution Blocks	Toilet and shower facilities with plumbing and water systems
Custom Solutions	Tailored designs for canteens, medical rooms, laboratories, and more

Why Choose Esha Services Establishment

Esha Services Establishment is built to deliver **reliable, end-to-end support** for organizations that require speed, coordination, and consistency.

As a **one-stop solution**, we combine manpower, equipment rental, and project execution under one accountable partner—reducing delays and simplifying communication.

Our **proven track record** reflects disciplined planning, safe operations, and dependable delivery across commercial, residential, and industrial requirements.

We maintain a strong **commitment to quality**, supported by structured supervision, clear reporting, and continuous improvement in service delivery.

With a **customer-centric approach**, we align every scope to client priorities, timelines, and compliance expectations—ensuring measurable outcomes and long-term value.

Our Strengths	Value Delivered
Integrated Services	Single point of contact for HR, equipment, construction, and maintenance needs
Experienced Team	Qualified professionals with extensive industry expertise and certifications
Quality Assurance	Rigorous quality control processes and adherence to international standards
Reliable Support	24/7 customer service and emergency response capabilities
Competitive Pricing	Cost-effective solutions with transparent pricing and flexible payment terms
Safety First	Comprehensive safety protocols and compliance with all regulatory requirements
Timely Delivery	Commitment to deadlines with efficient project management and execution
Regional Presence	Strategic location and logistics network for rapid service deployment

Our Commitment to Excellence

At Esha Services Establishment, excellence is a daily standard—driven by **continuous improvement** and disciplined execution across every service line.

We invest in **quality equipment**, structured processes, and **workforce training** to strengthen performance, safety, and consistency on every job.

Our teams focus on **professionalism**, clear communication, and accountability—so clients always know what to expect and when to expect it.

We work to build **long-term partnerships**, supporting clients beyond a single project through responsive service and dependable after-support.

By serving diverse sectors and adapting to evolving market needs, we deliver solutions that stay practical, scalable, and aligned with operational realities.

We measure success by client outcomes—because **your success is our success**.
